Tekniset tiedot

Paino:	4,4 kg
--------	--------

Pick up and move steel without bending over and using your hands. Twist the handle to switch on and off 1052 pounds of magnetic hold force. Safely lift a valve box with ease as well as hot, sharp or dirty steel without touching it. Ideal for cities and utilities, valve box and small lid removal.

- Magnetic field turns completely on and off mechanically.
- Does not use an electrical power source.
- Instantly attaches to and removes valve box covers.
- Our safety lock keeps magnets on until the tool is turned off.
- Precise positioning.
- Lightweight, sturdy and compact.
